Dear Ed,

Irene shared with me the details of the VCF award.

Though I was only a humble bystander to this incredibly lengthy, exhausting and financially costly (to you) undertaking, I want to acknowledge your exceptional efforts on behalf of Irene and, of course, all the rest of your VCF clients.

You undertook far more than you intended and, as a true professional, stuck with it until the end.

You're a good man, Ed.

Now that the process has been completed, I know you're happy to finally be "back at work."

Enjoy your career.

Kind regards,

Mark L. Wurzel
