Re: Bruins Transportation

Dear Mr. Nitkewicz:

You have been in my life for three or four years and I am most happy about my choice of a sincere intelligent capable human being as my attorney. You had good credentials and an excellent reputation. You worked very hard and kept in contact with me. Your staff who assisted you with my case was sympathetic and understanding to my needs. Your diligent preparation of all aspects of my suit and your availability to answer all my questions was greatly appreciated.

I feel that you took the time to use your talents on my behalf in a most caring and professional manner. Thank you for always being there for me.

Yours very truly,

Murray Hollander
